Community Club Dinner Rare Treat

President VonKleinSmid to Be Speaker at Notable Housewarming

Leslie Gaze, Well Known Tenor, Also On the Program

Advance sale of tickets indicates that the men of Sierra Madre are very generally alive to the splendid privilege accorded them in the opportunity to hear President R. B. VonKleinSmid of the University of Southern California next Thursday night. The occasion is the first dinner meeting of the Men's Community Club in the new Congregational Church.

An additional attraction which will add greatly to the interest and pleasure of the occasion will be the singing of Leslie Gaze, who will be accompanied by Mrs. Gaze. These widely known musicians have recently come to Sierra Madre to make their home, and this will be their first public appearance before a Sierra Madre audience. Those who have heard Mr. Gaze in recital and at more intimate social occasions can readily understand his popularity as leading man in "The Chocolate Soldier" and other Frohman productions.

President VonKleinSmid is not only a great college executive, but is one of the most versatile men in public affairs today. He is recognized as one of the best informed and influential men in America on Pan-American relations, and has been highly honored by governments and educational institutions in the Spanish speaking countries to the south. He is also rated as an authority on criminology and kindred public problems. He is so much in demand as a speaker for conventions and large gatherings of every kind that much surprise has been occasioned that he could be secured for a place as small as Sierra Madre.

Men who want to hear this splendid program should remember that the only sure way is to purchase a ticket in advance. The Woman's Society of the church are preparing to do their part in making this dinner a memorable event. But their preparations are based on the advance ticket sale. Ticket holders will be admitted to the dining room first, then those who prefer to wait and pay cash at the door. And no more will be admitted than can be seated and served.

In this way officers of the club hope to prevent the sort of thing that has happened at many past events when early ticket buyers were deprived of a square meal or good service by the number who came without making reservation. Tickets can be obtained at Hartman's, the News office, the Sierra Madre Hardware Store, or from various club members.

Allen Bixby Will Attend Legion Meet

Allen Bixby, past state commander of the American Legion, and Chester Turner, county commander, will be speakers at the district meeting of the American Legion, to be held in the Woman's Clubhouse Friday evening, April 20, according to announcement by R. R. Moreland, commander of the local post.

Plans are being made for a large attendance at the meeting, and posts from all over the San Gabriel Valley district have been invited. The meeting will be open to the public, and anyone interested in the subject, which is to be "Civic Betterment," is invited to attend. Among the other civic improvements to be discussed will be the condition of the local cemetery.

Mr. Moreland reports that between 200 and 250 persons are expected to be present for the business meeting and entertainment program featuring a drum and bugle corps, and arrangements are being made to serve refreshments at the close of the meeting.

The district includes all of San Gabriel Valley to the east county line.

Mr. and Mrs. Ed Jones of San Pedro have been visiting in Sierra Madre for a few days.

Hebrew Club Holds Annual Election; Platt Re-elected

Plans for the new synagogue, to be erected on Central Avenue, just east of Baldwin, were discussed Sunday evening by members of the Hebrew Educational Center, who elected officers for the coming season. A. Platt will again head the organization of Jewish people in this community, and other officers were elected as follows: Vice-president, N. Rosensweig; treas., J. Krakover; secretary, M. Zealand; trustees, W. Rothman, J. Rosenblatt and M. Silverman; board of education, M. Zeff and W. Rothman.

A lot has been purchased for the erection of the educational building, which will be used both for religious and social purposes, and construction will begin in the near future, according to Mr. Platt. The president states that no architect's plans have been submitted to the board as yet, but at the meeting next Monday night some sketches will be presented.

It is the idea of the committee to spend approximately $7000 on the building. The money will be raised by subscription from among the Hebrew people in Sierra Madre and vicinity.

Famous Pair To Appear In Club Concert

Donald Thayer and Oscar Rasbach Donate Talents to Local Club

Sierra Madre is going to have an opportunity to hear two of her famous sons in joint concert on May 1st, when Donald Thayer, known as "The Great American Baritone," and Oscar Rasbach, pianist-composer, will appear in joint concert at the Woman's Club.

This splendid opportunity was made possible thru the offer of Mr. Thayer and Mr. Rasbach to donate an evening for the benefit of the club, and is in compliment to Mr. Thayer's mother, who is a club member, and Mr. Rasbach's wife.

The announcement of the program was made today by Mrs. Fletcher White, club president, who has been completing arrangements with the two artists. The recital will be one of the outstanding events of the year in this community.

Mr. Thayer has just returned from New York City and the east, where he has been appearing in concert, and where he has been receiving flattering press notices on his fine work. His outstanding triumph was at the Baltimore Morning Musicale, the last appearance before leaving for the west.

Mr. Rasbach is most widely known through his composition, "Trees," and it was this work that attracted Madame Schumann Heink, who has used it is most of her concert programs, and in a recent appearance in Los Angeles called Mr. Rasbach from the audience following her rendition of the song, and presented him to the audience.

Charles Davis to Continue Line of Choice Baby Beef

Charles E. Davis, for many years associated with Mark D. Welsher, has purchased the meat department of the Welsher store. He announces that he is continuing the fine line of baby beef which has been such a drawing card for the market in the past, and will base his advertisements on this choice meat.

In speaking of the baby beef, Mr. Davis calls attention to the regulation of the U. S. department of agriculture, which reads, "Meat eligible to be marked baby beef must be from good, choice or prime animals of the beef breeds from seven to eighteen months of age, weighing from six hundred to twelve hundred pounds on hoof."

Masonic Dance Is Voted Big Success

The general opinion, expressed about town on the morning following the Masonic dance and card party was that the affair, while not the largest ever held, was one of the most enjoyable. Enthusiastic guests voted the event a complete success from a social standpoint, and later reports from the committee showed it also successful from a financial standpoint.

Flower Show Plans Being FinishedNow

Garden Section to Sponsor Community Exhibit Tuesday

Dinner and Speaking Will Close First Garden Club Day

Final preparations are being made for the flower and plant show, which will be held in the Woman's Club house, Wednesday afternoon and evening, April 18, under the auspices of the Garden section of the club, as an observance of National Garden Week.

There will be no admission fee, and the event will be open to the public, both afternoon and evening, beginning at 1 o'clock. Cut flowers, plants and bulbs, at moderate prices, will be on sale and there will be a large collection of fine seeds direct from Germany. Many of the seeds are not to be found in the stores in this district.

Tea will be served from 3 until 6, with a general reception at 5 o'clock. Dinner will be served at 6:30, with Mrs. W. J. Lawless in charge of that event, to which tickets will be sold. F. D. R. Moote is to be toastmaster, and two-minute responses will be made by various local organization heads and garden enthusiasts. The number of places at the tables will be limited to seventy-five, and reservations must be made not later than next Monday noon with Mrs. Franklin Swift.

At 8:15 Mrs. Helen King will speak on "What Garden Associations are doing for Country and Community." Mrs. King is secretary of the California Nurserymen's Association, is on the staff of the Western Horticulture Magazine and is secretary of the California Gladiolus Society. She has still other horticultural affiliations.

All residents of Sierra Madre who have plants, bulbs or cut flowers are requested to contribute to the success of the show. The flowers will be used for exhibit purposes only, and not for competition. All persons who will furnish flowers are requested to get in touch with Mrs. Swift, who will make arrangements to send for such flowers and plants as can not be taken to the club house by the donors. All flowers should be at the club house not later than Wednesday morning at 10 o'clock, with the name of the donor and the botanical name of the plant attached. They should be cut late Tuesday evening or early Wednesday morning and plunged for awhile in water. They then can be carried in damp moss or paper, according to the instructions received from Mrs. A. R. Hinton, leader of the section.

Proceeds from the show will be used for beautifying of the club house grounds.

Friends Learn of Death of Francis Mackie at Beach

Francis M. Mackie, Jr., 48 years of age, passed away at his Long Beach home on Saturday after a brief illness following a paralytic stroke. He was formerly a resident of Lamanda Park and had many friends in Sierra Madre. Funeral services were held on Tuesday, burial taking place in Santa Ana. Besides his wife and two children, Mr. Mackie is survived by his parents, Mr. and Mrs. F. M. Mackie of Lamanda Park, three brothers and three sisters, Mrs. Fern E. Gibbs of Sierra Madre; Mrs. Teresa McElwain of Lamanda Park, Mrs. Mabel E. Sells of Denver, A. L. Mackie, W. R. Mackie and Thomas T. Mackie of Pasadena.

Annual Report of Local Bank Given

Healthy growth in the face of prevalent unfavorable conditions was reflected in the annual report of President H. E. Allen to the stockholders of the Sierra Madre Savings Bank on Tuesday. After meeting all expenses the statement of net earnings was considered highly satisfactory.

The stockholders re-elected the board of directors and the board in turn retained the old officers. Officers are H. E. Allen, president; C. S. Kersting, vice president; W. H. Ingraham, cashier; Mattie F. Seeley, assistant cashier. The directorate includes F. H. Hartman, C. W. Yerxa, W. S. Andrews, C. W. Forman, W. S. Hull and H. E. Allen.

Camp Fire Girls Make Clothes for Red Cross Relief

Garments, hand-sewed by the members of the local organization of the Girl Scouts, will be placed in the show window of the News office Saturday before being sent to the Red Cross. For a number of months the girls, under the direction of their guardian, Miss Clara Sykes, have been working on the clothing, and every piece is hand made.

Miss Sykes says the youngsters have done splendid work on the garments, and believes that Sierra Madre residents will be interested to inspect the finished articles. Girl Scouts all over the country have answered the call of the Red Cross for garments to replenish the supply so heavily drained during the past year by the Mississippi flood and other disasters.

Club Starts Planting In Arboretum

Every Organization Asked to Plant a Tree in Bailey Canyon

"Plant a Tree" day is soon to be observed in Sierra Madre, if the plans now being worked out by the Botanical Society are perfected. Each organization in town is asked to cooperate in the planting of trees in the Arboretum on Saturday, April 21.

At the same time two hundred and fifty Kentia palms, donated by the Bassett-Washburn nurseries to the Botanical Society will be planted. The trees, which were grown in the largest palm nursery in the world, located near the eastern city limits, will be in the nature of an experiment. Usually the plants are potted for use inside of buildings, and the seed is imported from an island off the coast of Australia the only known production point. The climate in Bailey canyon is similar to that of the island, and an experiment in seed raising will be made here.

Recently a survey of the canyon was made by students from the engineering department of the University of Southern California, and the maps have been received by Mr. W. R. Humphries, secretary of the society. From these maps the canyon will be laid out into a unique botanical garden, where plants from all over the world may be placed.

Not only will every organization in town be asked to plant a tree in the canyon as the wind-up of national garden week, but every person in the city will be asked to plant some shrub in his own garden, to help beautify the city.

The movement is being carried out under the direction of Mrs. A. R. Hinton, Mrs. W. J. Lawless and W. R. Humphries of the Botanical Society.

Higher Court UpholdsLocal Court Verdict

Michael Fiegenbaum to Pay $100 on Charge of Reckless Driving

Decision of City Recorder Wm. C. Shaw in the matter of Michael Fiegenbaum, charged with reckless driving in connection with an automobile collision with Kay Ishoy, was upheld recently by Superior Court Judge Elliott Craig of Los Angeles.

Young Fiegenbaum demanded a jury trial in the local court, and when found guilty of the charge was fined $100 or thirty days in in jail, and his operator's license suspended. The case was appealed to the superior court and was heard by Judge Craig on March 30. The accident from which the charge arose, occurred at the intersection of Mountain Trail and Grand View Avenue. According to the evidence, Fiegenbaum, who was accompanied by his father, failed to observe the boulevard stop. Ishoy was riding alone. Although both cars were badly damaged, no one was injured.

Later in the afternoon, however, when Mr. Ishoy went to the Fiegenbaum home to discuss the matter, he was badly beaten by the father and son, according to the evidence offered at the trial. The case was tried by jury, the defendants found guilty as charged and again appealed to the superior court. The decision of the higher court in the second case has not yet been received.

Large Vote Is Polled At City Election

Thayer Leads Candidates for Place on City Board of Trustees

Dietz Wins Over Opponent In Only Real Contest of Campaign

Wilbur F. Thayer, Jr., was high man in the city election contests on Tuesday, polling 679 votes for the short term as city trustee. All the incumbent candidates were elected, City Clerk Dietz having the widest margin of any of the contested offices.

Nearly 1100 votes were cast. Although the voting was steady all day long, there was a notable absence of anything exciting or spectacular.

In the contest for the four-year trustee term, Councilman Isaacs was high man, with 584 votes. Al Myers ran a good second with 546, and D. F. Morton, who had the support of a group of the large water users, was not a bad third.

The race for the two-year trustee term was not so close. Mr. Thayer with the solid backing of the American Legion and affiliated groups, was the leader, with Col. Hall also over the 600-mark.

Two candidates were elected for the long term and two for the short term.

The active contest of the day was for the clerkship, Mr. Dietz winning by nearly two to one. Carlton J. Pegler had no opposition, but 796 people took the trouble to stamp the cross for him as treasurer.

The vote by precincts was as follows:

	Precincts		
Trustee, 4 years	1-2-3	4-5-6	Total
Henry Isaacs	297	287	584
Al Myers	308	238	546
D. F. Morton	267	191	458
Trustee, 2 years—			
Col. Herman Hall	342	271	613
W. F. Thayer, Jr.	388	291	679
Carl Olson	154	161	315
Clerk—			
Louis Dietz	340	275	615
Fletcher White	178	155	335
Treasurer—			
Carlton J. Pegler	426	370	796

The old council will meet next Monday night for official canvass of the returns, after which the successful candidates will be sworn in.

Parent-Teacher Association To Meet Wednesday

The local Parent-Teacher Association will have as its guest the president of the Pasadena district at the regular meeting, Wednesday, April 18, according to announcement made today by Mrs. James Heasley, secretary of the organization.

The program for the afternoon will include music by the school, readings by Mrs. Lovetta Hicks Pratt and a solo by Alice Corum. Other numbers also will be presented.

Central Garage Aid to Voters

Joe Belohlavek, Jr., undertook to render some friendly service on election day by offering free transportation to the polls for anyone who would call up the Central Garage. By an unfortunate typographical error the wrong phone number got into the ad. Through cooperation of the efficient force of operators at the telephone office, confusion was avoided and the Belohlavek garage rendered valuable service in doing its share to get out the largest vote ever polled at a city election here.

Expert Will Do Auto Painting

C. P. Kacovsky has recently purchased auto painting equipment of the latest type and has opened a shop on Huntington Drive in Arcadia, although he will continue to reside in Sierra Madre.

Mr. Kacovsky learned the painting trade in "the old country," has had many years experience in the United States and is a expert in applying the new finishes. He will be glad to give estimates on all types of cars.

Robert Steinberger is passing out cigars to his many friends, and "wearing the grin that won't come off," all because he is daddy for the second time. The new daughter arrived Easter Sunday, and both she and Mrs. Steinberger are getting along nicely.

Alhambra Boy Is Dashed to Death In Eaton Canyon

What started out to be a gay vacation-day hike and picnic for three Alhambra boys turned into stark tragedy when one of the party, Raymond Farrell, 12 years old, fell over the face of the cliff on which they were eating lunch, and was dashed to death in the canyon bottom, 200 feet below.

The accident happened Friday, April 7, shortly after noon, as the lad and his two companions, Robert Reister and Robert Cocknell, were eating lunch at the head of Eaton Canyon. A piece of canvas had blown over the ledge, and in leaning over to recover it, young Farrell lost his balance and disappeared from sight.

Descent to the canyon bottom proved impossible for the other boys, and they summoned rangers from near by, among them being V. P. Vedder of the Big Santa Anita Canyon. The boy was killed instantly, it is believed by those who recovered the body.

Returns From Fete Amount To $2414.75

Expenditures Are Heavy; the Gross Receipts Are $9226.98

Although the Woman's Club took in $9226.98 during the two weeks of the Wistaria Fete, the expenditure of $6812.23 was heavier than had been anticipated, due to the fact that much of the labor formerly done by club workers was hired, and the net receipts are $2414.75, according to figured supplied by Miss Clara Sykes.

The net receipts, by departments, were as follows: Luncheons, $719.55; teas, $256.98; perfume, $919.50; candies, $395.19; photos, $767.72; honey, $432.89; plaques, $56.73; novelties, $40.75; Red Cross donations, $102.50; making a total of $3691.81 from which was deducted the following items of general expense, not chargeable to any department: Red Cross, $327.50; advertising, $141.90 and general expense, $807.66, a total of $1277.00.

Mrs. Carol King has been receiving the congratulations of club members on the splendid success of her perfume booth, which the figures show cleared the largest amount of any department.

Included in the returns from the candy booth was the money received for 100 bunches of forget-me-nots made and donated by Mrs. W. J. Lawless, and sold at an average of 50 cents per bunch.

An interesting sidelight on the fete is the information given by Miss Sykes, who states that there were seven and one-half days of clear weather during the fete, against eight and one-half days of cold fog or rain.

Boy Scout Troop Organized by Jr. High in Pasadena

Parents of boys between the ages of twelve and eighteen will be glad to know that a new Boy Scout Troop has been organized in Wilson Junior high school community. The troop is being sponsored by the Wilson Parent-Teacher Association by unanimous vote at the March meeting. The following committee of five "dads" is back of the movement and is doing everything possible to make the troop an outstanding one in Pasadena: G. F. Nickerson, E. G. Lowell, A. Palmer, C. P. Dubois, J. B. Constable. E. R. Varnum has been secured as Scout Master.

The troop will meet every Friday evening at 7 o'clock at the school building. There is still room for new members who are interested in Scouting.

Lecturer Visits Botanical Garden

Captain Dudley Corlett, who spoke Wednesday before the Woman's Club, was taken to Bailey Canyon by members of the Botanical Society Wednesday morning, and he expressed surprise at the beauty and possibilities of the spot. Capt. Corlett is secretary of the California Botanical Society, and has charge of the Mandeville Canyon botanical gardens. He advised that Sierra Madre residents visit Mandeville Canyon while the wild flowers and rhododendron are in bloom.

If Noah had debated as long as congress over flood protection, this terrestrial sphere would now be inhabited exclusively by fishes. —Manchester (Vt.) Journal.

City Planning Matter Sound Public Policy

City Beautiful Can Be Made to Pay Dividend in Dollars and Cents

Captain Dudley Corlett Tells of Ancient Art at Club Meeting

Architectural control is sound, not only from an esthetic standpoint but as a utilitarian measure, stated C. J. S. Williamson of the Los Angeles chamber of commerce in an address before the Sierra Madre Womans' Club Wednesday noon. For a year following the Santa Barbara earthquake and during the period of reconstruction, Mr. Williamson was a member of the planning commission that evolved a marvelously picturesque city out of the wreckage and ruin of a gigantic catastrophe.

"Nowhere in the United States," the speaker stated, "has architectural control been studied and made effective with such success as in California, and the result in Santa Barbara alone has been of incalculable economic value."

The speaker stated that in the early period of reconstruction considerable objection was raised to the proposed plan, the principal points in controversy being monotonous uniformity and added cost. He explained how the objections had been met, first by proving that the Spanish or American type of architecture was susceptible to many splendid interpretations and that the cost, instead of being greater was in many cases lower than in buildings of the same size but of different exterior treatment.

He called attention to the fact that well known subdividers have changed preconceived ideas concerning the value of type restrictions and that now the best known developments are held strictly to architectural control, with resultant benefit not only to the subdivider but to the community. San Clemente, Westwood and Santa Barbara have benefitted greatly from the free advertising they have secured through the plan of supervision effective in these communities.

Speaking of the $6,000,000 state park bond issue to be voted on at the election of November 6, Mr. Williamson explained that the money is to be derived from a corporation tax, and that the fund will not be procured by a raise in tax rates or by direct taxation. One half of the cost of a park site must be raised by adjacent communities or through sources other than the bond issue. Park sites that are now receiving attention from the park board of five members are Santa Cruz Island, San Jacinto Mountains and one desert site. Various communities are expected to propose sites for

(Continued on Page Eight)

Fine Concert To Be Given At Junior Hi

Orchestra and glee clubs of Woodrow Wilson junior high school will unite in a complimentary concert Friday evening, April 20. The program will be given in the gymnasium and promises to eclipse the highly successful concert of last semester on account of the advanced musical standard and added experience of the musicians.

It is hoped that residents of Sierra Madre will show their interest by attending this concert in large numbers. Tickets may be obtained from pupils of the school.

Preceding the concert, between 7 and 8 o'clock, the entire Wilson plant will be thrown open to visitors and students in the nature of a house-warming. Teachers will be in their class rooms to receive visitors. Students will guide their parents through a regular day's program, with six periods of ten minutes each.

Each parent will thus obtain a vivid picture of what his child does each day during the seven hours he is at school. Parents are urged to remember that the opening hour of this "school" session will be 7 o'clock, and tardy ones may be asked to "report at the office" for tardy excuses.

Society and Personal

Club May Send Delegate To Texas Convention—

The local Wocan's Club may send one or more representatives to the General Federation Biennial convention in San Antonio, Texas, from May 28 to June 7. Several of the club women have been talking of making the trip, among them the club president, Mrs. Fletcher White.

According to Mrs. White, who is a former resident and a native daughter of Texas, the country will be particularly lovely at the time of the convention, which will be held in the splendid $2,000,000 auditorium in San Antonio. The structure, considered to be one of the finest auditoriums in the United States, was erected as a war memorial.

The national convention will follow the state meeting at San Diego, where Sierra Madre will have six official delegates, with a voting power of three.

Miss Eleanor Bayne, worthy matron of the local chapter of the Eastern Star, has gone to Ventura, where she will attend the meeting of the chapter this evening. Mrs. Gladys Fitch Pierce, grand matron, will pay her official visit to that lodge tonight.

Friendship Club Makes $40 at Sale—

The sum of $40 was cleared by the Friendship Club of the Congregational Church Saturday at the cooked food and flower sale held in the old city hall.

Before noon the delicious food, including salads, cakes, cookies, doughnuts and baked beans, was all gone, leaving only an assortment of home-made candy, Easter eggs and cut flowers for the afternoon. With the exception of a few eggs and some of the paper novelty cups, the entire stock was sold.

The club had taken a $25 bond for the new church building fund, and had set that amount as a goal.

The next meeting of the society will be Friday afternoon, April 20, at which time Mrs. Carl Greese and Miss Jessie Dunning will be hostesses.

Plan for Nicest Card Party of Season—

Mrs. Carl Graf and Mrs. William Richards are making plans for the card party at St. Rita's auditorium on Tuesday evening, April 17, and the event promises to be one of the nicest of the season's parties. Both ladies have proven themselves gracious hostesses in the past and are outdoing themselves in the plans for Tuesday night.

There will be a large number of prizes, including hams and sides of bacon. The door prize will be a ham, and there will be many other valuable gifts to holders of high and low scores at bridge and 500. Refreshments will also be well worth the price of admission, according to the hostesses. The affair will be the first social event to be given at the church following Lent.

Miss Margaret Moote was in the hospital at Pasadena on Easter Sunday, having been taken there for the removal of her tonsils. Miss Moote returned to her home Monday.

Exhibits Work at Ebell Club—

Miss Ella Shepard Bush, noted painter of minatures, has an unusually fine and representative group of her paintings on exhibition at the Ebell Club in Los Angeles. The paintings will be shown there all during the month of April, and comprise, according to Arthur Millier of the Los Angeles Times, the finest group of her work brought together in many years.

Mr. and Mrs. J. T. Railsback left Tuesday afternoon for Kansas City, Mo., where they will spend two months visiting friends and relatives. Of course they wanted the Sierra Madre News to follow them and keep them posted on home town affairs.

Birthday Dinner Is Enjoyable Event—

The home of Mr. and Mrs. Irving N. Ward was the scene of a jolly birthday dinner Saturday night, April 7, the occasion being the 82nd birthday of Frederick O. Nichols, Mrs. Ward's father.

Covers were laid for fourteen, Mr. Nichols' children, grandchildren and one great grandchild being present. These included Mr. and Mrs. Robert Nichols and daughter Alberta, Mr. and Mrs. Edward Heidrich and baby daughter Constance and Mr. and Mrs. Ralph Swann, all of Los Angeles, and Miss Beatrice Ward, from Hollywood.

Easter decorations were used and Mr. Nichols was the recipient of many charming and useful gifts. The evening was spent with music.

Mrs. Annie Woolman of Minneapolis visited last week with her aunt, Mrs. Martha Downs of 29 West Montecito Avenue. Mrs. Woolman has been spending some time in Southern California, but after making the acquaintance of Sierra Madre she declared it to be the choicest place of all.

Miss Bush to Speak to L. A. Club—

Sierra Madre art lovers will be interested in the art luncheon to be given at the Friday Morning Club, Los Angeles, on Tuesday, April 24. The speaker will be Thomas Rutherford Fleming, who has many friends here, his topic being, "The Realm of the Miniature." Miss Ella Shepard Bush of Sierra Madre has been asked to speak also, telling of some of the interesting people who have sat for portraits by her. There will be an exhibition of miniatures, including a number by Miss Bush. Reservations for the luncheon can be made at the office of the Friday Morning Club.

Silver Wedding Is Celebrated—

One of the beautifully planned parties of the Easter season was the surprise dinner given Sunday afternoon in honor of the 25th wedding anniversary of Mr. and Mrs. Walter James Miller. The affair was presided over by the honorees' daughters, the Misses Ruthe and Juanita Miller, and places were marked at the prettily appointed table for eighteen.

A centerpiece of roses and lilies lent to the charm of the table, at which the delicious meal was served by the young women. Many lovely gifts of silver were received by Mr. and Mrs. Miller.

Guests were Mr. and Mrs. Paul E. Stillman and family, Mr. and Mrs. Frank Stillman and family, Mr. and Mrs. John Smith and family, all of Glendale, Miss Sadie Hood and Claude Caderette, both of Duluth.

John T. Carey, who has been identified with the office of W. R. Humphries for some time past, is now associated with T. W. Neale, real estate dealer, at 22 North Baldwin.

Dr. and Mrs. Gilbert Bovard have gone to Seal Beach, where they are taking a week's vacation They will be joined Sunday by Mrs. Mary Dranga and Miss Alice Tufts.

"Ramona" to Open In Hemet Bowl Saturday, April 20

With Dorise Schukow, to play "Ramona," the title role opposite Victor Jory, as Allesandro, her fated Indian lover, principals of the cast of the Ramona Pageant, to open April 21st at Hemet, have been announced by Edward Poorman, president and general manager of the association staging the play as a community enterprise.

The part of Juan Canito, the old overseer, will be taken by Poorman for the sixth time. Other principals of the cast, leading citizens of Hemet and San Jacinto, include Mrs. Nancy Miller, Marda; Frank D. Felt, Father Salvadierra; Adelaide Clarke, Senora Moreno; Wahneta Ecklund, Juanita; H. F. McKelvey, Ysidro; James A. Hall, Frank Hayton; J. O. Percival, Dr. Morong; C. E. Goodhue, Father Gaspara; Helen Wilhelm, Mara, O. P. Ensley, Jake; John W. McCann, Merrill; Maure Hurt, "Jim Farrar. Other parts were filled during the week. Rehearsals are under way with a chorus of 100 voices to appear in the pageant this year.

In view of preparations being made to entertain some 20,000 visitors for the presentations on three successive week ends of the play this year, business men of Hemet and San Jacinto have subscribed a $5,000 guarantee fund to cover the expenses of production. All the funds derived from the pageant go into permanent improvements of the picturesque Ramona bowl at the outskirts of Hemet.

Brr-r-r-r-r!

She was under police escort, and police were thrown into the hotel lobby to hold back the crowds when she entered, wearing a huge corsage bouquet, and looking a bit cold.—Cleveland Plain Dealer.

NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE.

No. 230912

In the Superior Court of the State of California In and for the County of Los Angeles.

WESTERN LOAN & BUILDING COMPANY, Plaintiff,
—vs.—
OTIS OTTERBEIN THOMAS, et al, Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 6th day of April, 1928, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against OTIS OTTERBEIN THOMAS and HELEN SHEPHERD THOMAS, his wife, Defendants, on the 3rd day of April, 1928, for the sum of Two Thousand Seven Hundred Nine and 04-100 Dollars gold coin of the United States, which said judgment and decree was on the 5th day of April, 1928, entered and recorded in Judgment Book 681 at page 21 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in County of Los Angeles, State of California, and bounded and described as follows, to-wit:

That portion of Block Two (2) of Byron O. Clark's Subdivision of N. 28½ Acres, Block "C," Painter and Ball Tract, in the County of Los Angeles, State of California, as per Map recorded in Book 21, page 63 of Miscellaneous Records, in the office of the Recorder of said County, described as follows:

Commencing at a point in the Northerly line of Figueroa Street (formerly Fig Street) distant thereon Easterly two hundred sixty-six and seventy-five hundredths (266.75) feet from the Easterly line of Casitas Avenue thence northerly parallel with the Easterly line of said Casitas Avenue, Three Hundred Seventy-five (375) feet to the true point of beginning; thence continuing Northerly parallel with said Easterly line fifty (50) feet; thence Westerly parallel with the northerly line of said Figueroa Street, ninety-seven and forty-five hundredths (97.45) feet to the Westerly line of that certain parcel of land as described in Certificate I-6266, on file in the office of the Registrar of Titles of said county; thence Southerly along said Westerly line fifty (50) feet; thence Easterly parallel with the Northerly line of said Figueroa Street, Ninety-seven and forty-five hundredths (97.45) feet to the true point of beginning.

Subject to an easement for ingress and egress over the Easterly fifteen (15) feet thereof.

Also including an easement for ingress and egress over that portion of said Block two (2) described as follows:

Beginning at a point in the Northerly line of said Figueroa Street, distant thereon Easterly two hundred fifty-one and seventy-five hundredths (251.75) feet from the Easterly line of said Casitas Avenue, thence Northerly parallel with said Easterly line five hundred sixty-one (561) feet, to the Southwesterly line of Tract number sixty-three hundred eighty-six (6386) as per map recorded in Book 95, pages 56 and 57, of Maps in the office of the County Recorder of said County; thence Southeasterly along said Southwesterly line thirty-two and ninety-six hundredths (32.96) feet to the intersection thereof with a line drawn parallel with and distant Easterly two hundred eighty-one and seventy-five hundredths (281.75) feet, measured along the Northerly line of said Figueroa Street, from the Easterly line of said Casitas Avenue; thence Southerly along said parallel line, five hundred forty-seven and thirty-four hundredths (547.34) feet to the Northerly line of said Figueroa Street; thence Westerly along said Northerly line thirty (30) feet to the point of beginning.

PUBLIC NOTICE IS HEREBY GIVEN that on Tuesday, the 8th day of May, 1928, at 12 o'clock noon of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated April 6, 1928.

Interesting News Notes from
Sierra Madre Canyon

At the regular meeting of the Canyon Improvement Association held in the club house on Thursday evening John P. Morris reported for the pool committee that the state board of health will issue a permit for the swimming pool providing the following requirements are met: Installation of a scum gutter at the side, fencing of the entire pool, placing a walk at the edge, an antiseptic shower, running water at all times and provision for comfort station. The operator of the pool will be required to carry a liability insurance and supervision will also be necessary. When it was pointed out that people desiring to use the pool could dress at home, the representative for the board was found to be very agreeable and considerate. Conditions of last year were made with the understanding that the pool was to be a new one instead of the old one reconstructed. A new pool would require a filtration plant as well as a bath house with cement floors. While the association does not want the responsibility of the lease, it will help to restore the pool and secure a lessee, who in turn could install a concession stand and charge a small fee for entrance to the pool. The lessee could also erect a small bath house and provide suits if he wished, but at the end of the season the pool should be cleaned, gate removed and water allowed to flow down the channel. It was pointed out at the meeting that the city should provide a municipal pool, but as bonds for same would not carry now, the canyon pool could be restored at small expense and when the time arrives for a larger pool the Canyon Improvement Association would help boost.

J. R. Thompson, John P. Morris and E. A. Anderson were appointed to meet with the city trustees to request a comfort station and restoration of the pool. This committee was also instructed to request the trustees to proceed with the building of the bridge on Brookside Lane for which the flood control commission and the contractor for the dam left material and seven heavy girders, also to paint the foot bridge erected by men in this community.

Assistant City Engineer Buck presented easements for lots 90 and 93. He stated that due to flood, repairs, etc., many lot corners and center pivots had been buried, in some instances as much as four feet, hampering the work of surveyors. Practically all of Woodland Drive requires re-location and easements are being rapidly prepared by the engineering department. Mr. Buck asked for an expression of the people concerning the bridge on Sturtevant Road as to whether a new bridge should be erected or the present girders moved over and the bridge widened to meet the new road.

All property owners with lots along the stream channel, who have not already done so, are asked to throw tin cans, dirt, twigs, etc., along the walls to help fill ditches. There is still considerable sand in the channel which can be used to level banks. It is desired that all lots along the stream channel will be attractively planted with flowers and shrubs.

The secretary was instructed to write letters of appreciation to Chief Engineer E. C. Eaton, Harvey Slocum, Bradley R. Metcalf, A. B. Collins and the Callahan Construction company. The association expressed appreciation for the many things not called for in contracts which had been done for the canyon. Mr. Slocum's donation of heavy planks for the protection of the new paving on Sturtevant Road was especially appreciated. These planks have since been donated to the city and are now in use elsewhere.

A special meeting of the organization was called for Thursday evening, April 19th.

A dog following children across the top of the dam became excited and fell the whole distance from the top to the pool on Tuesday. It was apparently unhurt as it swam to the edge, climbed out and disappeared.

The new 18-foot concrete bridge on Woodland Drive was opened for traffic on Friday.

Mr. and Mrs. E. A. Anderson entertained with a dinner in the the grounds of the Canyon Store on Easter Sunday. The table spread under the oak trees was artistically decorated with rabbits and Easter lilies. Those present were Mr. and Mrs. H. B. Paisley of Santa Ana, Mr. and Mrs. J. H. Burke and family and Mrs. Myrtle held of Long Beach.

Miss Martha Reynolds left on Monday for a short visit in Hermosa Beach with her sister, Mrs. Elizabeth Stratman.

Mrs. Archie McKaig of 3748 Glen Feliz Place, Los Angeles, was a guest of her mother, Mrs. Wm. J. Stevenson from Thursday until Saturday.

Mrs. Lillian I. Lewis enjoyed the Easter vacation at her cottage on Woodland Drive. Mrs. Lewis is employed as teacher of French in night school at Sentous high school in Los Angeles.

A. M. Croxson and son Albert were canyon visitors Sunday. Miss Lilah returned with them to Los Angeles after a week spent at Cadmus Villa.

Mrs. Clarence L. Virgin was a guest of her mother, Mrs. Ella A. Cadmus on Tuesday and Wednesday. Mr. Virgin telegraphed that the John Brown evangelical campaign opened in Miami, Okla., on Easter in a wonderful way and that he was leaving to prepare for a campaign in Virginia.

Mrs. E. M. John and Mrs. Elizabeth Musgrove are enjoying a shoht vacation at Kil Kare cottage on Woodland Drive.

Mr. and Mrs. Thomas D. Laws of Long Beach recently purchased the cottage on Woodland Drive located just above the old swimming pool from Mrs. Ruby Sligh of Los Angeles. Mr. and Mrs. Laws are busily engaged this week in making alterations to the house and grounds.

Charles F. Gilmore has just completed a private wading pool for children and is laying out croquet grounds for older folks on his property at Audubon Court.

Mr. and Mrs. George Bryant, their children Rosemary and Carlisle and Fern and Kyle Carpenter of Los Angeles are canyon visitors at Seldom Inn cottage this week.

Mr. and Mrs. L. L. Ashby of Delta, Utah, Mrs. Albert Myers and son Lawrence of Long Beach were guests of Mrs. Ella A. Cadmus and Mrs. Nettie J. Forrest on Wednesday. Mr. Ashby, a brother to Mrs. Cadmus and Mrs. Forrest is engaged in the cattle business, having just delivered a shipment to the union stock yards in Los Angeles.

On Monday Mr. and Mrs. Frank E. Cox entertained Mrs. Sylvia Griffing of New York City, a former neighbor of Mrs. Cox. On her way to California Mrs. Griffing stopped at San Antonio, Tex., for a visit with Mrs. Cox's parents, Mr. and Mrs. Wm. L'Ecluse. Mr. and Mrs. Cox and Mrs. Griffing plan to spend the coming week end together at Hemet where they will see the Ramona pageant.

Mrs. T. G. Graham of Pasadena was a luncheon guest at the Cox home Wednesday. Mrs. Graham is a friend of Mrs. Josephine Woodward who is spending several months with her niece and nephew, Mr. and Mrs. Frank E. Cox.

Mrs. L. P. Scalet and children of Hanson Heights, Mr. and Mrs. short vacation at Kil Kare cotadena spent last week and Easter Sunday with their parents, Mr. and Mrs. D. A. Hauk at the Hauk home on Brookside Lane. On Easter morning the children enjoyed an egg hunt on the lawn and breakfast was served in the yard under the trees.

Various departments of the San Jacinto high school are working hard to make the school operetta, "The Belle of Barcelona," a success. The play is to be given in San Jacinto's handsome new theatre, the Soboba.

Solemn mass Easter Sunday morning at 6 o'clock marked the opening of the beautiful new $150,000 Catholic church located at Fremont and Rollins, in South Pasadena. The formal dedication of the church will be held Sunday, April 22.

NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE.

NO. 240394

In the Superior Court of the State of California in and for the County of Los Angeles.

WESTERN LOAN & BUILDING COMPANY, a Corporation,
Plaintiff,
—vs.—
JOHN WESLEY BATES, et al,
Defendants.

Under and by vrtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 6th day of April, 1928, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against JOHN WESLEY BATES, a single man, Defendant, on the 3rd day of April, 1928, for the sum of Two Thousand Two Hundred Eighty-seven and 44-100 Dollars gold coin of the United States, which said judgment and decree was on the 5th day of April, 1928, entered and recorded in Judgment Book 673 at page 399 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in County of Los Angeles, State of California, and bounded and described as follows, to-wit:

That portion of Block two (2) of Byron O. Clark's Subdivision of N. 28½ acres, Block "C" Painter and Ball Tract, in the County of Los Angeles, State of California, as per map recorded in Book 21, Page 63 of Miscellaneous Records, in the office of the Recorder of said County, described as follows:

Commencing at a point in the Northerly line of Figueroa Street, (formerly Fiz Street), distant thereon Easterly 266.75 feet from the Easterly line of Casitas Avenue; thence Northerly parallel with the Easterly line of said Casitas Avenue, 325 feet to the true point of beginning; thence continuing Northerly parallel with said Easterly line 50 feet; thence Westerly parallel with the Northerly line of said Figueroa Street, 97.45 feet to the Westerly line of that certain parcel of land as described in Certificate I-6266, on file in the office of the Registrar of Titles of said County; thence Southerly along said Westerly line 50 feet; thence Easterly parallel with the Northerly line of said Figueroa Street, 97.45 feet to the true point of beginning.

Subject to an easement for ingress and egress over the Easterly 15 feet thereof.

Also including an easement for ingress and egress over that portion of said Block two (2) described as follows:

Beginning at a point in the Northerly line of said Figueroa Street, distant thereon Easterly 251.75 feet from the Easterly line of said Casitas Avenue, thence Northerly parallel with said Easterly line 561 feet to the Southwesterly line of Tract number 6386 as per Map recorded in Book 95, pages 56 and 57 of Maps in the office of the County Recorder of said County; thence Southeasterly along said Southwesterly line 32.96 feet to the intersection thereof with a line drawn parallel with and distant Easterly 281.75 feet, measured along the Northerly line of said Figueroa Street, from the Easterly line of said Casitas Avenue; thence Southerly along said Parallel line 547.34 feet to the Northerly line of said Figueroa Street, thence Westerly along said Northerly line 30 feet to the point of beginning.

PUBLIC NOTICE IS HEREBY GIVEN that on Tuesday, the 8th day of May, 1928, at 12 o'clock noon of that day in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated April 6, 1928.

A BIG LOT FOR LESS THAN $40

Palm Springs Valley

5 Acres for $750, or 20 big building lots at less than $40 each. Where can you buy a winter resort, or a site for week-end cabin or bungalow, for less money?

Judging from depth of hot and cold wells on adjoining property, this $150 per acre land is underlaid with both hot and cold water at from 50 to 60 feet. Up to 80 acres at above price.

My entire holding, 320 acres covers the heart of the oasis. At many points, both cold and hot water rises within 6 feet of the surface. Big warm and cold water swimming pools or plunges can thus be easily developed. Price and terms on the whole 320 furnished on inquiry.

Location: Directly north of Palm Springs, Riverside County. Four miles north of state highway and Garnet station, Southern Pacific Ry. 3 hours from Sierra Madre.

ROBERT V. CARR

At Myers Tire Shop, 1 to 4 p. m. Res. 376 Sycamore Place. Mail, Box 151, Sierra Madre.

Did you ever buy a cheap tire and have it blow out in two or three thousand miles; and did you feel about like one man in the picture above?

The other fellow spent his money for a good grade tire and his dollars are still rolling.

We carry one of the best!

ANOTHER SCHOOL ADVANCE

ADOPTION of the 6-4-4 grouping of public school courses is another step in the policy of making our public schools leaders in the educational system of the state. It is actually pioneering in California.

There is no virtue in pioneering per se. For instance, the schools which adopted vertical penmanship about thirty years ago were pioneering so foolishly that they ruined the writing of a school generation. The effects are still in evidence, in spite of the short duration of the fad.

This pioneering in public school classification seems to mark the realization of the thought of public school and college authorities which has been developing over a period of more than twenty years. It is only possible in districts large enough to support splendid institutions like our nigh school and junior college. Better coordination throughout the public school curriculum is only one of the manifold benefits to be expected.

Six years of elementary school work, four years of junior high, and four years in the combined senior high and junior college are provided. A high grade education is available without going away to college or university. One of the problems of the advanced institutions has been the great influx of students who had no particular reason or qualification for going to college. The weeding out process has been expensive and painful, to colleges and students.

Junior college will provide all the real educational needs of a great many of these students. With its varied vocational courses it will send them out into the world well fitted to earn a living. The new alignment, combining the last two years of the present high school course with the junior college work, will provide an educational unit of great value to the student. General adoption of the plan will relieve the colleges and universities of the dead weight of a great number of misfits.

✣ ✣ ✣ ✣

VACATION VARIETIES

ONE of the interesting things after a holiday is to hear the comparison of experiences in almost any group one finds here in Southern California. It seems a large percentage of the population pick up and take to the highway whenever a day or two are available. It's the variety that is astonishing.

Here is a bunch of half dozen men from one office. One took his family to a nearby beach for the week end. Another family skirted the oceanside all the way to San Diego, spending most of the time in travel. A third family went to Big Bear Lake and occupied a cottage. Only one man in the crowd went off without his family, joining a party of fishermen who wooed the trout in the Sierras of Inyo county. One family went up through the devastated Santa Clara valley, circled through Ojai, and continued to the region of Santa Barbara's opulence. The last man of the group said he felt "as if he'd like to go where bells don't ring nor whistles blow." So he and his family came to Sierra Madre to hit the trail. Within four miles they reached a cabin out of sight and sound of civilization's annoyances. There they spent a completely enjoyable week end.

Here in Southern California we take this sort of thing for granted. A similar exchange of experiences could be heard in almost any office or shop where men congregate, the only difference being in the greater variety. Where can you beat it?

✣ ✣ ✣ ✣

SIMPLE CONSIDERATION

WHEN terminating a conversation, even with a total stranger, it is not customary to box the other person on the ear or cause a loud and offensive racket just to indicate that the talking is done. Yet that is just what many people do habitually after talking over a telephone. Slamming the receiver on the hook is just a habit, but sometimes it is rather hard on the ears of the other person who may still be listening. Manager Emley of the local telephone company suggests that disagreeable noises can be eliminated when calls are completed by simply pulling the receiver hook down as far as it will go, and then hanging up the receiver. It is only a little thing but it is something that would make the use of the telephone more enjoyable.

✣ ✣ ✣ ✣

CITY SHOULD KNOW ITSELF

THAT every city must know itself before it can hope to plan and work to best advantage is brought out in an article in the March issue of "Southern California Business," the official magazine of the Los Angeles chamber of commerce. The article is by John E. Edgerton, president of the National Association of Manufacturers. He says, in part:

"Surely a community, like an individual, should know itself. No man has handed down to succeeding ages a wiser admonition than did the great philosopher, Socrates, in the two words, 'Know thyself.' That is all-inclusive, embracing all assets and all liabilities of every character. A man or a community should know thoroughly what he or it has; also what is not possessed that should be, and we should always be extremely careful in our distinctions between assets and liabilities. For more numbers of people or buildings do not always imply assets. It should be remembered that every unwise investment, every failure in business, every criminal or immoral citizen or every illiterate in a community is a liability, economic as well as moral."

Fire Flames

By One of the Boys

Well, now election's over, and so is "Ladies' Night," just let your conscience be at peace—we've done them both up right. I don't know who you voted for, besides that, I do not care; I know the ones I voted for are going to the chair. We should have lots of "blow outs" now, (Al Myers is on the board), the kind of "blow outs" he adores are the ones on any Ford. We hope he has time to visit us in our quarters on the roof; he'll learn, if he should visit us, that we are not all "spoof." The same applies to Mr. Thayer, our door is never locked; just walk right in the open door—no one has ever knocked. The remaining members of the board need not an invitation, they've known the way for quite a while, and can come on reputation.

I hope these real good councilmen were kids one time themselves and had a place to take a swim like other little elves. And while they think of child hood days when they were late for school, I hope they realize right now, our kids sure need a pool.

We know all this costs money, but not so very much—the kids now have no place to swim, to play base ball and such. Some day these children will grow up, they won't know how to swim, they won't know much about our game—baseball, so full of vim. So let's get down to business there's a pool already built, just add a few requirements, the thing is ready for a "tilt."

You'll note our meetin' is tonight, a hoodoo day, "by gum!" Friday, the thirteenth of the month, now ain't that going some? You'd better bring your rabbit's foot, and wear your left shoe right; when Hibbs starts in to demonstrate keep the ladies out of sight. When we go out upon the truck be sure you hold on fast, for if your head should hit a pole, you'll sure forget the past.

We have some brand new blankets now, adorning our red car; the Chief says they're for salvaging and therefore, so they are. We put them over furniture within a house on fire, protecting stuff from water and possibly some mire.

Chief Bill now has a button that shines upon his coat that signifies his office—I hope you all will note.

George Cox comes p'rading down the street all dressed in khaki brown, he also has a "uniform," a policeman of the town. George likes to tinker 'round with things there's nothing he can't fix, and just the other night he said he got rich at laying bricks.

Our Mr. Dietz looks better now, his anxiety is over, and now if he can stand the "gaff," for four years he's in clover.

Next Thursday night, down at the church (the new one, not completed) if you will get a ticket I'm sure you will be seated. The ladies there will serve the eats, so get your tickets early and they'll be sure to serve enough for firemen big and burly. There'll be some real good speakin', it will all be good to hear, besides there'll be some singin' that's sure to please the ear.

Oh! our old fund is weakening, there's been two more babies born—the Babbitts have a little boy, and Bob Steinberger blows his horn. So now we have one more fireman, the Auxiliary another girl; we hope that all are doing fine and soon be in the whirl.

Frank Lovell gets up early now on Sunday mornings, sure he's not so very busy so he goes out on a tour. He loves to cut and tear the earth (I learned this from his neighbor), that's why he goes out Sundays with a golf stick as a sabre.

Don Hosford doesn't say much oh! no! Not yet, but soon; that is if rumors are correct, and if I'm in the toon.

While speaking 'bout proud fathers I hope you know Frank Cox, who dishes out your hardware or different kinds of locks. Well, his young son came home last week, the boy sure did look fine, dressed up in navy uniform; Frank's expression said, "He's mine."

I've said enough tonight, I guess, to give you all the blues—for real town information read the Sierra Madre News. The nut who writes the "Fire Flames" has more to write about, but it's getting pretty chilly because the

FIRE'S OUT!

The South Pasadena Kiwanis club at its meeting last week voted unanimously to raise funds for equipping the Boy Scout summer camp at Big Pines. Comfortable cottages, housing sixteen boys each, will be arranged, each cottage to cost approximately $70, the Scouts themselves, under competent supervision, doing the work. The South Pasadena Council has been given a permanent camp site situated about 2,000 feet from Jackson Lake.

Society and Personal

Local Society Members to Attend Conference—

Five delegates from the Woman's Society of the Congregational Church will attend the district conference of Missionary Societies at Whittier Tuesday, Wednesday and Thursday of next week. Mrs. Hortense Hill, who is a member of the district board, Mrs. Frank Merrill, Mrs. Nestor A. Young, Mrs. J. M. Campbell and Mrs. L. E. Wheeler will be the delegates.

Mrs. E. E. Bacon, president of the local society, and Mrs. E. D. Burbank will attend the sessions one day, probably Tuesday.

The meeting of the local society scheduled for the 17th has been postponed until the 24th on account of the convention, and at that time the first luncheon in the new church will be held.

Art Group to Visit the Huntington Gallery—

Headed by Miss Harriett Grant, leader of the Art Section of the Woman's Club, a group of fifty Sierra Madre women will visit the art galleries at the Huntington library Tuesday afternoon. The party will leave Sierra Madre at 1 o'clock. The event is planned as a part of the regular program of the art section, which joined Wednesday afternoon with the Current Events section in presenting the program at the club.

Motor hostesses for Tuesday will be Mrs. J. Borradaile, Mrs. F. P. Conard, Mrs. Fred Griebenow, Dr. Laidlaw, Mrs. George Lehner, Mrs. Thomas Morgan, Mrs. J. Milton Steinberger and Mrs. R. M. Corlette.

Entertains at Bridge Luncheon—

One of the delightful events of the past week was the informal bridge luncheon presided over by Mrs. Lyle Anderson at her home on West Montecito Tuesday.

Mr. and Mrs. Victor Hill spent last week end in the Coachella Valley as the guests of Mr. and Mrs. Donald Tarr. Mr. and Mrs. Raymond Andrews were also members of the party.

Sterrett Meyer and Arthur Pritchard returned the latter part of last week from a motor trip to Grand Canyon, and report a splendid trip. They returned by way of Nevada and Death Valley, and state that although the roads were bad in some places, and the nights cold, they thoroughly enjoyed the trip.

Birthday Dinner at Thill Home—

The birthday anniversary of Peter Thill was celebrated Sunday, when a number of friends enjoyed Easter dinner at his home. Mrs. Thill had planned the event as a surprise to her husband, and dinner was served at six o'clock. A color scheme of pink and white was carried out in the centerpiece of spring blossoms, in the baskets of Easter eggs which served as favors and in the tall lighted candles which cast a soft glow over the charming ensemble.

Three enormous birthday cakes, also in pink and white, with lighted candles, were placed before the honoree, who was obliged to cut them. Following dinner, cards were played.

Those in the group were Mr. and Mrs. John Thill of Los Angeles, Mr. and Mrs. Mike Hoxmeier and family of Los Angeles, Mr. and Mrs. W. J. Schiltz and family.

St. Catherine's to Have Party Monday—

Members of the Order of St. Catherine are planning a social evening for Monday, April 16, at the home of Mrs. Phillip Senour. Every so often the young women of the order have a purely social meeting, and in order not to conflict with the card party at St. Rita's Tuesday night they set Monday evening instead of the regular meeting night, which is Tuesday.

Easter Guests at Schiltz Home—

One of the family gatherings on Easter Sunday was held at the home of Mr. and Mrs. W. J. Schiltz, who entertained Mr. and Mrs. J. J. Andre and daughter Catherine, of Petersburgh, Neb., Mr. and Mrs. D. Krier, George and Nick Krier at 12 o'clock dinner.

Mrs. L. M. Roulette who owns a cottage at the entrance to the canyon, on Sycamore Place, is spending several weeks with her son and his wife at Loma Portal, near San Diego.

Miss Henrietta Hill and her mother, Mrs. Rudolph Glashon of Kansas City have been visiting Mr. and Mrs. John Tyree. Mrs. Hill and Mrs. Glashon are staying in Long Beach, but have made the trip to Sierra Madre several times.

Mrs. John Tyree's daughter, Mrs. Herbert Lattin of Sallon, Nevada, arrived Thursday to spend a month with her mother.

John Froelich will commence work soon on a seven-room house of Spanish type in Alta Sierra Madre. Mr. Froelich recently purchased the land from W. R. Humphries and intends to erect a home costing about $8000.

M. H. Sulken, who has been staying in Sierra Madre for some time, left this week for New York City. He boarded the steamer Mongolia at San Pedro and is making the voyage thru the canal.

John G. Cox of Phoenix, Ariz., visited on Tuesday at the home of his father, Frank E. Cox. John is now connected with the Kress stores in Phoenix and came over to Los Angeles on a business trip.

Mrs. Inanda Linden returned to her home in Fresno this week after a visit with her mother, Mrs. Mary Dranga of 159 West Montecito.

Supper Follows Dancing Party Tuesday—

Mr. and Mrs. E. P. Baugh of Los Angeles were among the guests at the Masonic dance and card party Tuesday night. Later Mr. and Mrs. Donald C. Ashmore entertained them, together with Mr. and Mrs. George B. Morgridge with a delicious supper at their home on North Baldwin.

A French astrologer predicts that this summer there will be a period of great heat, followed immediately by an explosion, and then the end of the world. Houston probably will bear him out in his first two predictions, but as to the last—well, we don't believe they can elect their nominee.—Council Bluffs Nonpareil.

From the Old News Files

TWENTY YEARS AGO

William Murphy, son of Francis Murphy of temperance crusade fame, delivered an address before a mass meeting in the town hall. Solos by Frances Murphy, Jr., and Miss Maude Elizabeth Richards of Los Angeles, featured the program.

The city election resulted in the return of all incumbents to office. N. H. Hosmer and J. C. Pegler were elected trustee; J. A. Madden, clerk; L. C. Torrance, treasurer; W. P. Caley, marshal.

New homes just built or nearing completion were those of Mrs. M. Mackerras on Central Avenue, E. W. Knapp on Grand View, Mrs. Bourne on Grand View, C. W. Page in Sierra Madre Park Tract, R. R. Wherry on Adams street, R. D. Richards on Baldwin Avenue, W. E. Walker on West Highland, Kersting block for new drug store on Baldwin.

Mr. and Mrs. J. W. Somerville and Mr. and Mrs. Randolph Madison entertained with a house party at their Alamitos Bay cottage. An event of interest was the arrival of the great battleship fleet after its cruise around the Horn.

TEN YEARS AGO

W. W. Felgate was manager of the Pasadena flower show.

Membership in the Red Cross chapter reached 960.

Total rainfall for the season to date was 21.65 inches.

Raymond Andrews who had been stationed with the marine guard at Mare Island, passed thru Sierra Madre on his way to Quantico, Va., for officer's training camp.

Norman T. Olsen who was at Camp Lewis was assigned to the 166th Depot Brigade.

NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE.

No. 246814

In the Superior Court of the State of California in and for the County of Los Angeles.

FRANCES KNADLE, Plaintiff,
—vs.—
HENRY M. DALEY, Defendant.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of Califonia, in and for the County of Los Angeles, on the 6th day of April, 1928, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against HENRY M. DALEY, Defendant, on the 3rd day of April, 1928, for the sum of Seven Thousand Seven Hundred Sixty-nine and 50-100 Dollars gold coin of the United States, which said judgment and decree was on the 6th day of April, 1928, entered and recorded in Judgment Book 668 at page 96 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in the City of Arcadia, County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Lot thirteen (13) in Block Sixty-eight and one-half (68½) of Tract number eight hundred sixty-six (866) in the City of Arcadia, County of Los Angeles, State of California, as per map recorded in Book 16, pages 198 and 199 of Maps, in the office of the County Recorder of said county.

PUBLIC NOTICE IS HEREBY GIVEN that on Tuesday, the 8th day of May, 1928, at 12 o'clock noon of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated April 6, 1928.

Pacific Electric Railway

1,000,000 Times a Day
People purchase Sunkist fruit

"Some of those *Sunkist* Oranges, please."

"Add a dozen *Sunkist* Lemons to that order."

"I'll take six of these *Sunkist* Grapefruit."

Thirty-six times each second, two thousand times a minute, over one million times each day, housewives express their confidence in Sunkist fruit when shopping in the markets of the nation.

No other perishable product enjoys such prestige. No other name that stands for fresh fruit has been able to penetrate to the mind of the buying public as effectively as "Sunkist."

Such widespread acceptance is a tribute to the cumulative marketing efficiency of the California Fruit Growers Exchange. It is the magical power which last year enabled Exchange growers to dispose of 50,468 carloads of citrus fruit at the highest prices in history. It is the force which for many years has brought greater average profit to Exchange members.

Carefully controlled shipments—even distribution — constant sales effort — efficient merchandising and advertising methods — the untiring and effective development of new markets — and other services performed by the Exchange, are the industry's best assurance that adequate markets and fair prices can be enjoyed in the future.

But even more could be accomplished—even greater returns could be realized—even larger profits secured —*if every citrus grower in California were a member of the Exchange.*

Competition is an excellent practice to improve the standard of fruit. The Exchange employs it. But competition in selling means lower prices and less profit for all.

Join the Exchange—become part of it with the 11,000 other grower members who desire to see the entire California citrus crop efficiently marketed through one central growers' organization.

The Exchange is operated by the growers themselves on a non-profit basis. All of its services (including advertising) cost grower members less per box than the sales expense alone of any other citrus marketing organization.

Talk to the manager of the nearest Exchange association or District Exchange. Or write for further information to California Fruit Growers Exchange, Box 530, Station "C," Los Angeles.

Oranges Sunkist *Lemons*
Grapefruit

WHAT THE EXCHANGE IS...

The California Fruit Growers Exchange is a non-profit organization of 11,000 California citrus fruit growers, producing about 75% of the California citrus crop, operated by and for them on a co-operative basis. Its object is to develop the national and international market for California oranges, lemons and grapefruit, and to provide a marketing organization that will sell the fruit of its members most advantageously and at least expense. Receipts from sales, less only actual cost of operation, are returned to growers. Applications are received through all of the Exchange's 201 local packing associations, 23 District Exchanges or at the central office in Los Angeles.

An authorized Christian Science lecture by Charles E. Jarvis of Los Angeles will be broadcast over radio station KFON Monday, April 16, at 8 p. m., from First Church of Christ, Scientist, Long Beach. Mr. Jarvis is a member of the board of lectureship of the Mother Church, the First Church of Christ, Scientist, in Boston, Massachusetts.

Pioneer to Open Grist Mill for Health Cereals

J. A. Kimball, who has started "The Grist Mill" on Montecito Avenue, is a pioneer in the grinding of health cereals. Mr. Kimball came to Sierra Madre twenty years ago this spring, building a home on Mariposa Avenue. Later he built on North Hermosa. For a time he acted as manager of the branch hardware store operated by Clark & Graham in the building now occupied by Clarke's News Stand, the main store being in a frame structure, since demolished, on the site of the present Norris store.

Mr. Kimball began experimenting with a small mill and various grain combinations in an effort to find food beneficial to people with digestive difficulties. After meeting with considerable success, he sold the little business to the late V. L. Graham who developed it considerably and carried it on as long as he lived. Mr. Kimball has just returned ot Sierra Madre after an absence of several years and will resume the business at his new location.

Tit for Tat

"So Robert married a social nobody, and just think, his ancestors came across in the Mayflower."

"That's all right; her folks came across with $150,000." — Boston Transcript.

If the Anti-Saloon League can manage it, all candidates who are not bone-dry will be soaked.—Virginian-Pilot.

Figures are mighty interesting things. They show that unemployment was wide-spreead and that gasoline consumption increased 12.4 per cent in 1927.—Nashville Banner.

Substantial Decrease In P. E. Fares

Company Hopes to Stimulate Increased Patronage by Cutting Rates

New passenger rates on the Sierra Madre line of the Pacific Electric railway will be put into effect on or about April 20, according to announcement received by the News yesterday from D. W. Pontius, vice president and general manager. One-way and round-trip fares will be lower and 60-ride commutation rates will be 10 per cent higher. The old 30-ride books are eliminated.

The schedule of rates is as follows between Sierra Madre and Los Angeles:

	New	Old
One way to L. A.	$ .35	$ .43
Round trip	.60	.71
60-ride book	12.05	10.95

A comparison of old and new one-way fares between Los Angeles and important points on the Pacific Electric is as follows:

	Old	New
Pasadena	.20	.25
Long Beach	.52	.40
San Pedro	.52	.40
Redondo	.52	.40
Venice	.43	.30
Santa Monica	.43	.30
Beverly Hills	.28	.20
Culver City	.27	.20
Van Nuys	.51	.35
Newport Beach	1.06	.75
Santa Ana	.92	.65
Whittier	.47	.35
Alhambra	.26	.20
Glendora	.70	.50
Covina	.60	.45
Riverside	1.71	1.25
San Bernardino	1.58	1.25
Pomona	.83	.60
Lankershim	.38	.25
San Fernando	.75	.55

The order is to be established within twenty days and remain in effect until further order of the commission.

"Another experimental fare directed is a Sunday pass to be sold for $1, to be good for unlimited riding by the holder between all points on the Pacific Electric west of Upland, except Mount Lowe. The use of the pass will be limited to the Sunday for which it is sold. A similar system-wide Sunday pass, including Mount Lowe, is to be sold for $2.50," states the commission's report.

"The commutation rate structure is simplified by the elimination of some of the forms of tickets to be sold, namely, the monthly 30 ride and 10 ride tickets.

"The general basis of the experimental fare structure authorized and directed by the decision is the so-called 'Glendale Experiment,' which has been in progress for nearly a year and from which satisfactory results were obtained. The Glendale experiment, generally, provided for an increase in comlutation fares and a substantial decrease in one-way and round-trip fares.

"Under this Glendale experiment partonage of the line gradually increased until the financial results to the company were more satisfactory, although upon the whole, the fares were lower than the old fares."

The schedule, the commission announced, is an experimental one to test its theory that keeping fares at or close to five cents will develop more business, and thus eventually result in increased revenues.

Local fares in Long Beach, Glendale, Riverside, San Bernardino, San Pedro and Santa Monica were ordered cut from six to five cents. In Los Angeles the six cent zone fare will be reduced to five cents and zones will be made smaller.

On suburban lines reductions of from 20 to 25 per cent were ordered on one-way and round-trip tickets, the commission believing that this will increase travel among "occasional riders."

Regular commuters will pay rates from 10 to 25 per cent higher than at present.

The commission announcement said: "The new fares are ordered into effect by way of experiment in the hope that they will increase the patronage of the system and consequently its earning position, which, it is pointed out, is bad.

"Roughly speaking, on the basis of present riders, one-way and round trip riders which constitute about two-thirds of the passengers carried by the company, will be given a reduction in fares of from 20 to 25 per cent.

"On the other hand, part of the remaining one-third of the passengers who ride on commutation tickets will be required to pay higher fares.

"About one-half of this one-third will pay an increased fare of about 10 per cent. Of the remaining commutation passengers about one-half (or one-twelfth of the total passengers carried) will not be substantially affected, while the other one-half (or one-twelfth of the total) will be increased by from 20 to 25 per cent.

"Local fares in cities like Long Beach, Glendale, Riverside, San Bernardino, San Pedro, Santa Monica and others where the local fares were involved, are reduced from six cents to five cents.

"Reductions will apply between all points on Pacific Electric interurban system. Round trip fares will be double the one-way fare, less 5 cents where the one-way fare is 15 cents and not more than 25 cents, and less 10 cents where the one-way fare is in excess of 25 cents.

"It is pointed out in the opinion that economies in operation amountinfi to slightly over a quarter of a million dollars a year are possible and are to be put into effect.

"The new fares are treated as experimental and the commission retains jurisdiction of the proceeding so that changes can be made promptly as the results from the various fares develop."

Five carloads of prunes were recently shipped to Germany from Banning. Prunes have been shipped to Germany nearly every year from that district, with occasional large shipments of dried apricots going to the same country. The fruit is trucked to San Pedro and loaded on a boat bound directly for Germany.

A reader asks if fish gain weight rapidly. This depends entirely upon who catches 'em. — Detroit News.

A lot of these favorite sons will never get so far away from home as the prodigal one.—Philadelphia Inquirer.

NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE.
No. 241490
In the Superior Court of the State of California in and for the County of Los Angeles.

NOTICE INVITING BIDS FOR RECONSTRUCTION AND REPLACEMENT DEEP WELL TURBINE PUMP CITY OF SIERRA MADRE, CALIFORNIA.

Public Notice is hereby given that sealed bids will be received by the City Clerk of the City of Sierra Madre, California, until 7:30 o'clock P. M. of Tuesday, April 24th, 1928, to reconstruct or replace, in whole or in part, the existing deep well turbine pump at the City Well No. 2, Water Department Property on Lot No. 10 of Sierra Madre Tract, Sierra Madre, California, in accordance with specifications on file in the office of the City Clerk of said city, adopted by the Board of Trustees of said City, on the 3rd day of April, 1928, and which said specifications are hereby referred to and made a part of this notice.

Said bids must be made on forms which will be furnished by the City Clerk of said City upon application.

Each bid shall be accompanied by a certified check or bond in the sum of ten per cent (10 per cent) of the amount bid. This check or bond shall be made payable to the City of Sierra Madre, California, and shall be forfeited and become the property of said City, in case the bidder neglects or refuses to enter into a contract and furnish satisfactory bonds within ten days after the acceptance of his bid by the City. All checks or bonds except that of the successful bidder will be returned upon demand after the awarding of the contract.

The successful bidder will be required to give a bond in the amount of twenty-five per cent (25%) of the contract price for the faithful performance of his contract, and a statutory bond for fifty per cent (50%) of the contract price for the payment of labor and materials.

The Board of Trustees reserves the right to reject any and all bids hereunder.

By order of the Board of Trustees, also known as the City Council of the City of Sierra Madre, California, made at a regular adjourned meeting of said board April 3rd, 1928.

L. DIETZ,
City Clerk of the City of Sierra Madre, California.
Dated April 5th, 1928. 27:28

You are invited to the
CARD PARTY
TUESDAY EVENING, APRIL 17
Valuable Prizes
Hams, Bacon and other worth while things.
St. Rita's Auditorium
Refreshments Admission 50c

THANKS

I BEG to extend my sincere thanks to the Citizens of Sierra Madre for the hearty support given me for re-election as City Clerk last Monday.

I also wish to commend the citizens for having set a very elegant precedent for high Citizenship in going to the polls on election day in such large numbers.

Out of a total of 1428 registered voters, 970 votes were cast, or 68 per cent of the total registration. It was the largest vote ever cast in Sierra Madre in a municipal election.

Louis Dietz,
City Clerk.

If a Man
came to your door

and offered to superintend the work of your home and garden and further agreed to do this work for a period of years for nothing—would you appreciate the offer?

YES, I'M SURE
you would. Well, folks, that's what the members of our city council will do and have been doing for years. Do we
APPRECIATE
the labor, the effort, the tho't, the time? No, most of us don't—we take these things for granted and only think of our city council when something doesn't please us.

WHY NOT
attend next Monday night at our city hall the meeting at which time the retiring members will turn over the keys of the city to the recently elected members, and show our appreciation and support by our attendance.

EVERY ORGANIZATION
should have a delegation at this meeting and all citizens should attend.

THE WOMAN'S CLUB
I enjoyed lunch Wednesday at and with the Woman's Club. Where is there an organization in this city that shows the life, the interest and is doing such good work for Sierra Madre? Seems to me that the Woman's Club is to our city what our churches are to our souls.

RAILROAD NOTES
Summer rates go into effect May 22nd. If you intend traveling, will be glad to tell you about the savings to be made by use of these rates. Railroad, Pullman and Steamer Tickets.

Can I help you find a house, secure insurance, make a loan?
Just ask

How to Save Money

Old Mother Hubbard and her New Cupboard

By Rama Bennett, Nutritionist

Los Angeles County Public Health Association

formerly Los Angeles County Tuberculosis Association

LEARNING TO EAT

The test of a successful eating lesson is not that so much food has been swallowed as that the child eats hungrily and happily of a sufficient quantity for its needs.

A successful teacher must first have a sane working knowledge of how to choose suitable food and second must have an understanding of how children form attitudes and habits. Neither are inherited instinct, but both may be readily learned.

Parents are the first teachers of early eating habits. The child comes to them without any set habits of eating, he brings only a powerful instinct to be satisfied by food. Habits come only as a result of training. Most parents look so eagerly toward good nutrition results that this very eagerness often defeats the purpose. A tiny babe senses the tension and anxiety of the mother or nurse at feeding time with resultant unfavorable reaction. A good feeding lesson is then lost. Children rebel against calories from over-anxious and over-zealous parents. A normal child's eating habits are a good index of his environment. Physical and emotional strain and stress react with inevitable certainty against a child's learning to eat properly.

All children cannot weigh the same at certain ages. Forcing food to achieve the goal in spite of a child's own body build is a menace to good eating habits and a destroyer of appetite. Determination to have a perfect child by forced feeding brings parents to grief and children to nerves. Acquiring a good appetite is as essential as getting the food down. Know that doing over and over an act which brings satisfaction forms a habit. If "eating time" is "battle time" a child is not learning how to eat. A sane program sanely executed only can bring success. Understanding the child is the beginning of the program.

A series of articles will follow on how to teach children to eat.

A list of books on the subject may be had from the Los Angeles County Public Health Association, 1700 Michigan, Ave., Los Angeles.

Johnny (heavy reader of the funnies): "Because it doesn't say 'pow' when I hit the baby over the head with it."—Ollapod.

Will Conduct Fight Against Tuberculosis

Are you one of the many unknown cases of active tuberculosis in Los Angeles County?

Announcement of the intensive educational campaign sponsored by the National Tuberculosis Association for the early diagnosis of tuberculosis was made at the regular board meeting of the Los Angeles County Public Health Association. The tuberculosis committee, as an affiliated unit of the national association, will co-operate with the County Health Department in the local campaign to help everyone in the early detection of the disease.

"Los Angeles faces an especially serious tuberculosis situation, owing to the great number of health seekers coming here from other sections," states Robert Mitchell, chairman of the tuberculosis committee.

"The purpose of the early diagnosis campaign is two-fold, first to focus the attention of the public on the danger signs of early tuberculosis and to urge immediate and frequent medical examination; and second, to stimulate renewed interest on the part of the medical profession in the recognition of the early signs of tuberculosis."

Arrangements have been made for the early diagnosis of tuberculosis at the ten major clinics located in various districts in Los Angeles County, is announced by Dr. J. L. Pomeroy, county health officer.

"The hope to ultimately stamp out tuberculosis lies in our ability to detect early cases. Tuberculosis is curable if discovered early enough. Modern medical science makes early diagnosis within the reach of all if they will but take advantage of it," Dr. Pomeroy points out.

"Be examined by your doctor or go to your nearest clinic for an early diagnosis and be safe!" the health officer urges.

The nearest clinic under the county health department can be reached by getting in touch with Dr. J. M. Furstman, district health officer, city hall, Monrovia.

World Premiere at Hollywod Playhouse Is Set for April 13

One of the significant events in the history of the California drama will take place when the curtain rises Friday evening, April 13, for the world premiere of "From Hell Came a Lady," the first Joseph Schildkraut production on the new repertory program of the Hollywood Playhouse, according to an announcement by Fritz Feld, production manager and associate director. In order that this presentation may become a brilliant introduction to the change of policy at the Play House, Schildkraut and Feld have given their personal attention to the most minute detail of production. Unique settings by Werner Wittkamp, noted European scenic artist, bid fair to establish a precedent on the Los Angeles and Hollywood stage.

Many theatrical stars, film celebrities and other important people will be present at the opening of the new play Friday night.

Knows His Toots

NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE.
No. 243465

In the Superior Court of the State of California in and for the County of Los Angeles.

JOHN S. KLEMME and ANNA K. KLEMME, Plaintiffs,
—vs.—
JAMES A. LANGAN and MARY E. LANGAN, et al, Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 22nd day of March, 1928, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against JAMES A. LANGAN, MARY E. LANGAN, J. LORNE HILL and NORA HILL, Defendants, on the 13th day of March, 1928, for the sum of Fourteen Thousand Three Hundred Sixty-eight and 99-100 Dollars gold coin of the United States, which said judgment and decree was on the 19th day of March, 1928, entered and recorded in Judgment Book 668 at page 62 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Lot fifty-four (54) of Tract number twenty-one hundred twenty-three (2123), as per map recorded in Book 22, Pages 194-195 of Maps in the office of the County Recorder of said County and State.

PUBLIC NOTICE IS HEREBY GIVEN that on Tuesday, the 24th day of April, 1928, at 12 o'clock noon of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated March 22, 1928.

R. E. ALLEN,
Commissioner appointed by said Superior Court.

City Planning Matter Sound Public Policy

(Continued from Page One)

state parks, and attention was called to the fact that the bond issue will be only a beginning of a major project. That the park plan will be of tremendous benefit to the state at large was a fact already accepted by authorities in touch with park projects thruout the United States.

The success of the bond issue depended, said Mr. Williamson, on the attitude of each individual community and he urged that every means be taken to convey the importance of the project to the minds of the voters of the community.

In conclusion Mr. Williamson called attention to the third annual meeting of the City Planning Conference, to be held under the auspices of the California Real Estate Association April 26-27-28, in Pasadena, at which time men of prominence in civic affairs will present matter of importance for consideration.

Following the address, Mrs. Fletcher H. White, president of the club introduced as club guests, Mrs. Kendall and Mrs. Bravender, president and vice president of the Baldwin Park Woman's Club, and Messrs. Wm. J. Lawless, F. P. Conard, J. E. Carpenter, Dr. L. L. Krebs, W. R. Humphries, Louis Dietz, Col. Herman Hall, Walter Poehler, Woodson F. Jones and Joe R. Eastwood.

"While the program itself was a splendid achievement, the remarkable fact was that a town the size of Sierr Madre should have the inclination and power to secure such speaker," was the comment of Miss M. Whistler, manager of the Biltmore art galleries, following the illustrated lecture presented by Capt. Dudley Corlett before the Woman's club at the Wednesday afternoon session.

Miss Whistler, who brought with her one of the finest of the paintings hung in the Biltmore gallerea real, a drawing on canvass of an ancient Indian dwelling still standing in Arizona, by Thomas Moran, was astounded at the interest displayed by Sierra Madrans in architecture. She stated that the program for the afternoon, arranged by Miss Virginia Jones of the current events section, and Miss Harriett Grant of the art section, ranked with the best she had attended in Los Angeles.

Captain Corlett, authority on ancient civilizations and architecture was the speaker of the afternoon, and took as his subject the influence of Mayan art upon architecture of modern times. With a number of slides he placed before the large audience of business men and club women, a definite conception of the style of architecture used many hundreds of years ago by the Indians of Central America.

According to Captain Corlett, the influence of this early native art is being displayed at the present time upon many of the American public buildings, and to illustrate his point he named the new city hall, the Elks Club, the Mayan theatre, the library in Los Angeles and the Azetc hotel in Monrovia.

An interesting adjunct to his lecture at this point were the plaques exhibited by Miss Grant, who had secured the architect's drawings of the library and the city hall.

The lecturer also spoke of the spiritual influence upon all forms of art and architecture, calling attention to the scarab or holy beetle which is found in both Egypt and America, the Swastika, or modified cross, found in India and America, and the "Black Christ" worshipped for 4000 years in Central America.

In order to bring out the picturesque appearance of the native "first" Americans, Miss Marguerite Lalone appeared upon the stage, a charming figure in the costume of a Mayon maiden of former ages. The dress was correct in every detail, and gave a splendid idea of the love of color and beauty in the Mayan nature.

Local and Personal

Woman's Club Elects Officers for Year—

Miss Harriett Grant will head the list of officers for the Woman's Club during the coming year, according to the report of the nominating committee, which was read Wednesday at the meeting of the club. Other officers selected by the committee were: Mrs. Walter Poehler, first vice president; Mrs. Carol King, second vice president; Mrs. Nestor A. Young, recording secretary; Miss Clara Sykes, corresponding secretary; Mrs. William Lees, treasurer; Mrs. Harvey Steinberger, auditor; board members, Mrs. Franklin Swift, Mrs. F. L. C. Roess, Mrs. W. R. Humphries and Mrs. W. E. Walker. The remaining four board members will be selected by the incoming president.

Mrs. Fletcher White, president, had named Mrs. L. E. Steinberger, Mrs. C. W. Jones and Dr. May Culbertson Laidlaw on the nominating committee.

Election will be held Wednesday, April 25, and the polls will be open from 10 a. m. until 3 p. m., at the club house. New officers will be installed the last meeting in June.

Mrs. White, who will retire as president, has served the club in that capacity for two years and has guided the organization thru a most successful period.

Guests at Masonic Dance Tuesday—

One of the many parties entertained at the Masonic dance last Tuesday night was that presided over by Mr. and Mrs. H. E. Allen, who had as their guests for the evening Mr. and Mrs. C J. Fox and daughter Miss Cindy Fox of Los Angeles, Miss Emily Allen, William Allen, Miss Allen and Jack Bangs of Pasadena, Charles Tweedale, besides members of their own family.

Attend Rexall Meets In Los Angeles—

Mr. and Mrs. F. H. Hartman and Mr. and Mrs. Rudolph Hartman have been attending the social functions in connection with the Rexall convention in Los Angeles this week. Tuesday evening they were guests at a theatre party, and Wednesday evening attended the dinner at the Biltmore. The two men were also present at the business sessions.

Lemuel D. Boardman, with Mrs. Katheryn Kinne and Mrs. Henrietta M. Baker were the week end guests of Mr. and Mrs. George M. Lehner. Mrs. Kinne and Mrs. Baker remained at the home of their sister, and will leave tomorrow for Arrowhead Lake, where they have a cottage. They will stay at the lake during the summer.

Dinner Given for Visitor Here—

Complimenting Capt. Dudley Corlett, secretary of the California Botanical Society, who was the speaker at the Woman's Club Wednesday afternoon, Mr. and Mrs. W. J. Lawless presided over a perfectly appointed dinned Wednesday evening. Among the guests were Dr. L. L. Krebs, president of the local botanical society and **W. R. Humphries, secretary of the Sierra Madre organization.**

A low bowl of marigolds and yellow ixia centered the charming table, and the warm shades of yellow and orange were further carried out in the tall candles and the favors.

Guests for the evening were **Capt Corlett, Dr. L. L. Krebs, Mrs. Frank J. Hart, Mr. ano Mrs. Robert Corlett, Mr. and Mrs. E. D. Burbank, Mr. and Mrs. C. W. Jones, Mr. and Mrs. W. R. Humphries, the Misses Jean Woodward and Virginia Jones and Robert Corlett.**

Bridal Couple Stop at Sacramento—

Friends of Mr. and Mrs. Harvey G. Cattell will be interested to learn that they are now in Sacramento after spending some time in travel about the state after their wedding, which took place in March. They are residing at the Francesca Apartments while Mr. Cattell's duties as member of the state board of equalization are keeping him at the capital. They expect to remain there until **June 1. Mrs. Cattell (formerly** Mrs. Marie Stanley) is taking advantage of the opportunity for the study of art at the Crocker Art Gallery and with the splendid facilities of the state library and Sacramento city library.

Browning Circle to Meet April 15—

The Sierra Madre Browning Reading Circle will meet next Sunday afternoon, April 15, at 3:30 o'clock, at the home of Miss Ella Shepard Bush. As it will be the octave of Easter Day, the readings will carry hte Easter thought.

This will be the last meeting of the season and it is hoped that all who are interested will be present.

One of the famous "Billy Murphy steak dinners" will be served Monday evening at 6 o'clock in the Masonic Temple, prior to the meeting of the local chapter of the Eastern Star. This is considered by Miss Eleanor Bayne, worthy matron, as a distinct achievement, as Mr. and Mrs. Murphy had gone to their resort in the canyon for the summer. Reservations are to be made with Mrs. Thomas Henderson.

Mrs. G. A. West of Los Angeles has purchased, thru the Humphries agency, the A. L. Jamison residence at 470 West Highland Avenue. Mrs. West is the sister of Mrs. J. W. Jameson of 481 West Highland.

Twenty-two B.P.O.E. lodges of Southern California will make merry on Catalina Island April 21-22. An elaborate entertainment program is being prepared by the committee in charge, who have adopted the "See Catalina First" slogan for the frolic.

Used Plenty vs. Plenty Used

A GIRL with a VOCABULARY of 800 WORDS can do more TALKING than a PROFESSOR with 18,000. WHILE he has spent HIS time in acquiring a LARGE stock of words SHE spends her's using THOSE she has already ACQUIRED, which reminds US that even though a LITTLE sometimes goes a LONG way as the KEEPER of the zoo SAID when he fed the GIRAFFE a handful of HAY, there are tons AND tons of our PURETEST Epsom Salt USED because after all EPSOM Salts is the BEST cathartic known and PURETEST is by far the BEST Epsom Salt sold Today and the price IS NO higher than for ORDINARY grades.

It is a good investment!

GENERAL ELECTRIC Refrigerator

When a refrigerator contributes to the health and comfort of the whole family for years to come....when a refrigerator cuts the tasks and the costs of housekeeping....then it proves itself a thoroughly sound investment.

The General Electric Refrigerator does all these—and a great many more. It operates economically because it has an unusually small, but highly efficient motor. This consumes surprisingly little current. Then, too, the top unit design allows all the heat generated to rise above the cabinet—not through it.

For the housewife it means fewer trips to market. Its shelves are so very roomy. The compact chilling chamber takes up very little space and allows the greatest possible shelf area for food. And the scientific cold keeps everything lusciously fresh and *healthfully* sound. Food wastage is absolutely unknown.

You owe it to yourself to see these quiet, simple, economical refrigerators. Why not come in today and study them carefully. Compare them with all others before you buy.

Easy payments, can be arranged, if you prefer.
